A Mine of Her Own: Women Prospectors in the American West, 1850-1950 Sally Zanjani

From the California gold rush through the mid-twentieth century, a special breed of women played an integral and heretofore unrecognized part in some of the most stirring adventures of the pioneer experience: the saintly Nellie Cashman; the copper queen Ferminia Sarras, known for her grand sprees; the former rodeo champion turned prospector; the ex-actress who snowshoed her way to Nome; and many more. Chosen as one of the top ten books of all time by the Mining History Association, *A Mine of Her Own* tells the definitive story of America's women prospectors for the first time.
