Germany Reborn Hermann Goering

This book, written by the man who would ultimately become Adolf Hitler's deputy, was one of the first attempts to explain the National Socialist revolution to non-Germans.

Goering, who was simultaneously Minister of the Interior for Prussia, president of the Reichstag, and Reich Commissioner of Aviation, was a famous figure in the Anglo-Saxon world because of his leadership of the "Flying Circus" World War I fighter squadron.

He starts out by briefly but skillfully sketching out the background to the coming of power of the NSDAP, from the time of the end of the First World War, through the tumultuous Communist uprisings to the breathtaking political struggle of Hitler in ultimately gaining power against all the odds.

Along the way, Goering openly addresses many of the burning issues of the time—from Jewish Communism and cultural subversion to practical economics. He also forcefully answers common objections made in other nations against tactics and policies employed by the NSDAP in its path to power and afterward.

In this way, Goering explains—and makes no apologies for—his founding of the Geheime Staatspolizei (Gestapo, the Secret State Police), which he said was necessary to stamp out the violent subversion employed against the state by the Communist Party.

"For ten months Hitler has ruled Germany. How short the time, but how great the achievement! The German peasant's land is no longer a commodity; it has been removed from the clutches of speculative usurers and has again become sacred and inviolate.

"Nearly seven million unemployed looked expectantly and with despairing eyes to Adolf Hitler. Today, after ten months, nearly half of them have work and maintenance.

"Thousands of kilometres of great new roads for motor traffic have been planned and work on them has already begun; new canals are to be made, the motor tax has been abolished, insurance premiums lowered, thousands and thousands of new cars are daily being built.

"Theatres, films, music and the Press have been freed from the Jewish spirit and purified of all subversive influences. A new blossoming has begun in all branches of cultural life.

"Once more it has become possible for Germany to rise again and for us to create a healthy Germany. But Germany is, and will remain, the heart of Europe, and Europe can only be healthy and live in peace when its heart is healthy and intact."
