## **Sagacity: A Compendium of Information I Could Have Used Yesterday** James Willow

Recognize and overcome depression or bi-polar depression with this powerful technique. Understand and defeat addiction including the notorious World of Warcraft. Laugh at colds and the flu with this amazing vitamin/mineral combination. Make unheard-of growth at the gym by applying science instead of hard work. Recover from injuries cheaper and more effectively than with surgery. Protect and grow your romantic relationship by NOT doing these three things. What a sexless marriage really means and what to do about it. Take your relationship to the highest (soulmate) level with unconditional love. Learn the ONLY way to profit from the stock market and how many business schemes are really legitimate, just misrepresented. Proof from the Bible how the modern day church has become just as bad as the Pharisees. Suggestions for constructing a life-philosophy that lasts. I know, you're not supposed to write books to a general audience. Oops! You're supposed to capture a niche market and fill 100's of pages with tedious detail on your topic. But what if the best solution is a simple one (aren't they always?) Why waste time and words getting to the point? What if all you need is one capstone idea -- one key concept to change your life forever? Why wade through endless irrelevant text to find it? I poured into these pages the result of half a lifetime of falling down, scraping myself off the pavement, and carrying on a little stronger and wiser each time. With your purchase, you get tens of thousands of experimental dollars' worth of training videos, books, courses, business ventures, and investment strategies. You get years of careful reflection on failed relationships that should have lasted, and horrible ones that dragged on far too long. Save your own time, money, blood, sweat, and tears by learning from my errors and observations. This is the best service I can offer you. Read on and enjoy the benefits!
