Thomas Wm Hamilton

The Mountain of Long Eyes: An Anthology of Science Fiction and Fantasy Thomas Wm Hamilton

About 500 years pass between the first story and the last in *The Mountain of Long Eyes: An Anthology of Science Fiction and Fantasy*. This wonderful collection of science fiction and fantasy stories range from a Native American shaman using magic to battle modern-day terrorists in "Mountain of Long Eyes," to space opera mysteries in distant galaxies in the story "Beyond Space." A character playing a prime role in two of the stories is a woman who flees a planet ruled by a repressive theocracy as a teenager in "Crime and Consequences." Her adult story is told in "Beyond Space." There is humor and social criticism in "Why My Mother Hates Me," and there is horror in "The Seat of Learning" and the vampire story "Red Blood." A president may or may not have stopped an attempted coup in "Viewpoints." It is left for the reader to decide. An assault across alternate universes takes place in one tale, and there's even a ghost story in "Why I Must Move." The collection is well balanced with humor, politics, horror, space opera, alternate history and time travel. About the Author: Thomas Wm. Hamilton is a retired professor of astronomy and a planetarium director. Born in San Francisco, Larkin Street is named for the author's great-great-grandfather. Asteroid 4897 was named in Hamilton's honor and is called Tomhamilton. He has written several books and is working on the next about the moons in the solar system.
