Cicada: A Stone Age World Novel (The Cicada Series) (Volume 1) M.L. Banner

The end of the world was just their beginning...

A small group of survivors, including some of the world's brightest scientists, sought safety in a walled sanctuary known as Cicada in what is left of Colorado. Their goal is to find solutions to the seemingly permanent solar storms plaguing the ailing Earth. On the other side of their walls, evil forces will strike for their own reasons: • desperate squatters want Cicada's resources; • a religious cult with thousands of red-robed warriors, led by a prophet, intends to claim it as their Promised Land; and • nearby, another walled fortress plots Cicada's destruction. As Cicada's inhabitants struggle to fight these evils, a startling secret reveals why the survival of all mankind hangs at the precipice of extinction. However, it's the evil inside that's even more of a threat than what is outside their walls. Can humanity possibly survive? CICADA is the follow up series to #1 Amazon best-sellers Stone Age and DESOLATION, and set one year after a solar apocalypse has destroyed most of our technology.
