Fast. Motivated. Hard-hitting.

That's what every business wants to be. And that's why the U.S. Marines excel in every mission American throws at them, no matter how tough the odds. In *Corps Business*, journalist David H. Freeman identifies the Marine's simple but devastatingly effective principles for managing people and resources -- and ultimately winning. Freedman discusses such techniques as "the rule of three," "managing by end state," and the "70% solution," to show how they can be applied to business solutions.
