On the Edge: Leadership Lessons from Mount Everest and Other Extreme Environments Alison Levine

FOREWORD BY LEGENDARY DUKE BASKETBALL COACH MIKE KRZYZEWSKI

On the Edge is an engaging leadership manual that provides concrete insights garnered from various extreme environments ranging from Mt Everest to the South Pole. By reflecting on the lessons learned from her various expeditions, author Alison Levine makes the case that the leadership principles that apply in extreme adventure sport also apply in today's extreme business environments. Both settings require you to be able to make crucial decisions on the spot when the conditions around you are far from perfect. Your survival -and the survival of your team-depend on it. Featuring a Foreword from legendary Duke University basketball coach Mike Krzyzewski who knows all about leadership, On the Edge provides a framework to help people scale whatever big peaks they aspire to climb-be they literal or figurative-by offering practical, humorous, and often unorthodox advice about how to grow as a leader.

Candace Mathieu:

In this age globalization it is important to someone to receive information. The information will make anyone to understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of recommendations to get information example: internet, magazine, book, and soon. You will see that now, a lot of publisher that will print many kinds of book. The particular book that recommended for your requirements is *On the Edge: Leadership Lessons from Mount Everest and Other Extreme Environments* this reserve consist a lot of the information with the condition of this world now. That book was represented just how can the world has grown up. The language styles that writer value to explain it is easy to understand. The actual writer made some investigation when he makes this book. This is why this book acceptable all of you.

Zandra Woods:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's internal or real their interest. They just do what the professor want, like asked to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful photographs

on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this On the Edge: Leadership Lessons from Mount Everest and Other Extreme Environments can make you sense more interested to read.
