The Healthy Heart Handbook for Women Marian Sandmaier, U.S. Department of Health and Human Services, National Institutes of Health, National Heart, Lung, and Blood Institute

Research on women's heart health is exploding. Nearly every week, it seems, the media report on new ways to prevent and treat heart disease in women—and it can be hard to keep track of it all. In this updated edition of “The Healthy Heart Handbook for Women,” we have put together all of this new knowledge in one easy-to-use handbook. This guide is part of The Heart Truth, a national public awareness campaign for women about heart disease sponsored by the National Heart, Lung, and Blood Institute (NHLBI) and many other groups. (See “Getting the Word Out” on page 10.)“The Healthy Heart Handbook for Women” will give you new information on women's heart disease and practical suggestions for reducing your own personal risk of heart-related problems. You'll find out about a little-known form of heart disease in women and how to get it diagnosed properly. The handbook will also help you make sense of widely publicized research on the impact of a lower fat diet on women's heart disease risk. There is much good news in these pages, including new findings that people who avoid heart disease risk factors tend to live healthier and longer lives. The handbook will give you the latest information on preventing and controlling those risks. You'll also find new tips on following a nutritious eating plan, tailoring your physical activity program to your particular goals, and getting your whole family involved in heart healthy living. The handbook will also advise you on the warning signs of heart attack, as well as how to act quickly to get help.

Nancy Nault:

Do you one of the book lovers? If so, do you ever feeling doubt when you find yourself in the book store? Make an effort to pick one book that you never know the inside because don't evaluate book by its protect may doesn't work the following is difficult job because you are scared that the inside maybe not because fantastic as in the outside appear likes. Maybe you answer could be The Healthy Heart Handbook for Women why because the amazing cover that make you consider regarding the content will not disappoint a person. The inside or content is definitely fantastic as the outside or even cover. Your reading 6th sense will directly guide you to pick up this book.

Phillip Chadwick:

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just tiny students that has reading's heart or real their pastime. They just do what the educator want, like asked to the library. They go to there but nothing reading significantly. Any students feel that studying is not important, boring and also can't see colorful pics on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this The Healthy Heart Handbook for Women can make you sense more interested to read.
