Survey of Economics: Principles, Applications, and Tools (7th Edition) Arthur O'Sullivan, Steven Sheffrin, Stephen Perez

For courses in the Principles of Economics.

Introduces Students to the Basic Concepts of Economics with Timely, Engaging Stories and Applications

Readers enter their first economics course hoping to gain a better understanding of the world around them, but often leave with their questions unanswered. *Survey of Economics: Principles, Applications, and Tools* is built upon the author's philosophy of using the basic concepts of economics to explain a wide variety of timely, engaging, real-world economic applications.

The **Seventh Edition** incorporates updated figures and data, while also emphasizing current topics of interest—including the severe economic downturn of recent years and the latest developments in economic thinking. It also includes newly refined Learning Objectives that introduce the concepts explored in each chapter, along with new applications and chapter-opening stories related to the most up-to-date developments in economics. Covering both macroeconomics and microeconomics in one concise paperback volume, this book shows readers how to think and act like an economist by showing them how to use economic concepts in their everyday lives and careers.

Also Available with MyEconLab®

This title is available with MyEconLab—an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

From reader reviews:

Blanche Ball:

Do you have favorite book? If you have, what is your favorite's book? Book is very important thing for us to understand everything in the world. Each e-book has different aim or maybe goal; it means that e-book has different type. Some people feel enjoy to spend their time for you to read a book. They are reading whatever they acquire because their hobby will be reading a book. Think about the person who don't like studying a book? Sometime, person feel need book whenever they found difficult problem or even exercise. Well, probably you will require this Survey of Economics: Principles, Applications, and Tools (7th Edition).

Patricia Miller:

As people who live in the modest era should be update about what going on or info even knowledge to make them keep up with the era which is always change and move forward. Some of you maybe may update themselves by studying books. It is a good choice for you but the problems coming to anyone is you don't know what one you should start with. This Survey of Economics: Principles, Applications, and Tools (7th Edition) is our recommendation to help you keep up with the world. Why, since this book serves what you want and want in this era.

Suk Barry:

Information is provisions for people to get better life, information today can get by anyone with everywhere. The information can be a knowledge or any news even an issue. What people must be consider when those information which is within the former life are hard to be find than now is taking seriously which one is suitable to believe or which one often the resource are convinced. If you receive the unstable resource then you obtain it as your main information you will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Survey of Economics: Principles, Applications, and Tools (7th Edition) as the daily resource information.

Andy McNeil:

Playing with family inside a park, coming to see the water world or hanging out with close friends is thing that usually you could have done when you have spare time, after that why you don't try matter that really opposite from that. One particular activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Survey of Economics: Principles, Applications, and Tools (7th Edition), it is possible to enjoy both. It is great combination right, you still need to miss it? What kind of hangout type is it? Oh come on its mind hangout guys. What? Still don't buy it, oh come on its named reading friends.
