## **Fish: The Complete Guide to Buying and Cooking** Mark Bittman

Fish: The Complete Guide to Buying and Cooking is a book that simplifies, once and for all, the process of preparing fish. Organized in an easy-reference, A-Z format, Fish gives you the culinary lowdown on seventy kinds of fish and shellfish commonly found in American supermarkets and fish stores. Each entry describes how the fish is sold (fillets, steaks, whole, salted), other names it goes by, how the fish should look, and buying tips. Fish begins with general guidelines on how to store, prepare, and cook fish, whether sauteing, frying, grilling, or smoking, and you will find easy-to-follow illustrations of such important basics as how to gut and fillet a fish. Fish also includes up-to-the-minute information on the health benefits of fish in our diet. In addition, there are more than five hundred recipes and variations, all of which use low-fat, high-flavor ingredients to accent the intrinsic natures of the individual fish rather than mask them. And the vast majority of the recipes are ready in less than thirty minutes.

### From reader reviews:

#### **Ramon Hudson:**

Information is provisions for those to get better life, information currently can get by anyone at everywhere. The information can be a know-how or any news even a problem. What people must be consider while those information which is in the former life are hard to be find than now could be taking seriously which one is appropriate to believe or which one the resource are convinced. If you obtain the unstable resource then you understand it as your main information we will see huge disadvantage for you. All those possibilities will not happen in you if you take Fish: The Complete Guide to Buying and Cooking as the daily resource information.

#### **Beatrice Kennemer:**

The reason? Because this Fish: The Complete Guide to Buying and Cooking is an unordinary book that the inside of the guide waiting for you to snap this but latter it will zap you with the secret the item inside. Reading this book adjacent to it was fantastic author who all write the book in such remarkable way makes the content within easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of benefits than the other book have such as help improving your talent and your critical thinking means. So , still want to delay having that book? If I have been you I will go to the e-book store hurriedly.

#### **David Burch:**

In this age globalization it is important to someone to receive information. The information will make someone to understand the condition of the world. The health of the world makes the information easier to share. You can find a lot of recommendations to get information example: internet, magazine, book, and soon. You will see that now, a lot of publisher that print many kinds of book. Often the book that recommended to your account is Fish: The Complete Guide to Buying and Cooking this book consist a lot of the information of the condition of this world now. That book was represented just how can the world has grown up. The dialect styles that writer use to explain it is easy to understand. Often the writer made some research when he makes this book. Honestly, that is why this book suitable all of you.

#### **Suzanne Robbins:**

Guide is one of source of know-how. We can add our understanding from it. Not only for students but native or citizen want book to know the update information of year to year. As we know those textbooks have many advantages. Beside many of us add our knowledge, can also bring us to around the world.
