Teens—and tweens and adults—who obsessively read the His Dark Materials and Harry Potter series will be riveted by Neil Gaiman and Michael Reaves's *InterWorld* and its sequel, *The Silver Dream*.

*InterWorld* tells the story of Joey Harker, a very average kid who discovers that his world is only one of a trillion alternate earths. Some of these earths are ruled by magic. Some are ruled by science. All are at war. Joey teams up with alternate versions of himself from an array of these worlds. Together, the army of Joeys must battle evil magicians Lord Dogknife and Lady Indigo to keep the balance of power between all the earths stable.

*The Silver Dream*: After mastering the ability to walk between dimensions, Joey Harker and his fellow InterWorld freedom fighters are now on a mission to maintain peace between the rival powers of magic and science who seek to control all worlds. When a stranger named Acacia somehow follows Joey back to InterWorld's base, things get complicated. No one knows who she is or where she's from—or how she knows so much about InterWorld.
