## **Labor Relations: Development, Structure, Processes** John A Fossum

John Fossum's *Labor Relations: Development, Structure, Processes* discusses the history and development of labor relations, the structure of union organizations, union organizing and union avoidance, bargaining issues, and the process of negotiations and contract administration. As a result of decreasing union membership over the last twenty years, more material in the book addresses employee relations in nonunion organizations including examples of both cooperative and adversarial relationships.
