"Outstanding. . . . Brings to life the Apalachee and their Spanish conquerors. In clear, concise prose it paints a picture of the Apalachee and their society and shows how their interactions with Spanish explorers, missionaries, and colonists shaped the history of their society."--John F. Scarry, University of North Carolina at Chapel Hill

The Apalachee Indians of northwest Florida and their Spanish conquerors come alive in this story -- lavishly illustrated with 120 color reproductions -- story of their premier community, San Luis. With a cast of characters that includes friars, soldiers, civilians, a Spanish governor, and a diverse native population, the book portrays the dwellings, daily life, religious practices, social structures, and recreation activities at the mission.

From their prehistoric ancestors and first contact with Europeans in the 1500s to their dispersal following attacks by the English and by their Native American allies in the early 1700s, the Apalachee played important roles in the history of Florida and of native peoples throughout the Southeast. The San Luis community near Tallahassee, the most thoroughly investigated mission in Florida, served as Spain's provincial capital in America. From 1656 to its conquest by the English, it flourished as the only significant Spanish settlement in Florida outside of St. Augustine.

Written by the two foremost authorities on the Florida Apalachee, this full-color volume offers general readers a compelling combination of archaeology and history.

John H. Hann is a research historian at the San Luis Archaeological and Historic Site and a leading scholar on the missions of Spanish Florida. He is the author of *Apalachee: The Land Between the Rivers* (UPF, 1988), *Missions to the Calusa* (UPF, 1991), and *History of the Timucua Indians and Missions* (UPF, 1996). Bonnie G. McEwan, director of archaeology at the San Luis site in Tallahassee, has conducted research in the Southeast, California, Spain, and the Caribbean. She is the editor of *The Spanish Missions of La Florida* (UPF, 1993).
