## Manual of Obstetrics (Lippincott Manual Series (Formerly known as the Spiral Manual Series))

Now in its thoroughly revised, updated Seventh Edition, this Spiral® Manual provides practical, easily accessible information on management of the pregnant patient. Major sections cover obstetric care, obstetric complications, maternal complications, fetal assessment, fetal complications, and neonatal care.

This edition's chapters have a new consistent outline structure, more tables, and more figures. Coverage includes a new chapter on obstetric anesthesia and new information on drugs for cardiovascular, neurologic, and endocrine conditions, including oral agents for gestational diabetes. The chapter on genetic counseling has been completely rewritten. This edition also addresses controversies regarding surgical births and vaginal birth after cesarean (VBAC).

As a student exactly feel bored for you to reading. If their teacher asked them to go to the library as well as to make summary for some reserve, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Manual of Obstetrics (Lippincott Manual Series (Formerly known as the Spiral Manual Series)) can make you sense more interested to read.
