## **World War Z: An Oral History of the Zombie War {Unabridged} {Audio} {Cd} Max Brooks**

Five and one-half hours. From Booklist "The Crisis" nearly wiped out humanity. Brooks (son of Mel Brooks and author of *The Zombie Survival Guide*, 2003) has taken it upon himself to document the "first hand" experiences and testimonies of those lucky to survive 10 years after the fictitious zombie war. Like a horror fan's version of Studs Terkel's *The Good War* (1984), the "historical account" format gives Brooks room to explore the zombie plague from numerous different views and characters. In a deadpan voice, Brooks exhaustively details zombie incidents from isolated attacks to full-scale military combat: "what if the enemy can't be shocked and awed? Not just won't, but biologically can't!" With the exception of a weak BAT-21 story in the second act, the "interviews" and personal accounts capture the universal fear of the collapse of society--a living nightmare in which anyone can become a mindless, insatiable predator at a moment's notice. Alas, Brad Pitt's production company has purchased the film rights to the book--while it does have a chronological element, it's more similar to a collection of short stories: it would make for an excellent 24-style TV series or an animated serial. Regardless, horror fans won't be disappointed: like George Romero's *Dead* trilogy, *World War Z* is another milestone in the zombie mythos. Carlos Orellana Copyright © American Library Association.
