A Summary of Philosophy (Hackett Classics) Thomas Aquinas

This compact collection of philosophical texts from the *Summa Theologica*--on God, creation, the soul, human acts, moral good and evil, love, habits, virtue, and law--is presented newly translated in abridged form and cast in a modified version of the medieval *quaestio*. Included are only the most important objections and Aquinas replies; appeals to scriptural, theological, and philosophical authorities have been omitted. Unlike the ordering of the originals, questions and answers are here presented prior to objections and replies; the result is a sharp, rich, topically organized question-answer presentation of Aquinas' major philosophical arguments within a brief compass. A general Introduction, headnotes, a glossary, an index, and a select bibliography offer expert guidance to the work of this major philosopher.
