## **Bête Noire: Dream Dictionary** Anders Johansson

A new and different way of looking at dreams...

Dreams are the problem child of modern psychology. For thousands of years considered the voice of the Gods; nowadays considered the folly of teenage girls and new-agers. Many have tried to unlock their secrets; but somehow the fanciful symbols, predictions and insights we've grown accustomed to never quite satisfy.

Anders Johansson connects common sense with ancient wisdom to deliver a brand new perspective on dreams. Dream to Survive explains the purpose and meaning of dreams and reveals new principles for dream interpretation. The bravura theory behind this dream dictionary will help you understand your dreams and even show you how to predict future trends.
