## **Haunter Of The Dark: And Other Grotesque Visions** H P Lovecraft, Alan Moore

H. P. Lovecraft is the most important and influential horror writer of the twentieth century. His stories of occult nightmare and cosmic terror have drawn praise from William S. Burroughs, Angela Carter and Jorge Luis Borges, and continue to inspire new generations of writers and artists. John Coulthart is one of H. P. Lovecraft's major visual interpreters. As an artist for David Britton's Lord Horror series, his work has been described as "shocking... harmful", "harrowing" and "brilliant", and has been banned on the grounds of obscenity by British law courts. This collection presents all of Coulthart's Lovecraft-inspired work from the past decade including two complete comic strip adaptations - The Hunter of the Dark and The Call of Cthulhu - plus over forty pages of previously unseen drawings and paintings, and selections from the controversial Lord Horror series Hard Core Horror and Reverbstorm, which have evolved Lovecraftian imagery in bold new directions. Material specially created for this volume includes The Great Old Ones, a kabbalah of Lovecraft's gods with accompanying evocations by acclaimed author Alan Moore.
