Saddam is gone, Arafat is dead, and a new Iraq is rising. But when a suicide bomber strikes Washington and assassinations unfold from London to Los Angeles, Jon Bennett and Erin McCoy are drawn back into a world of terror they thought was over. At the heart of the mystery lies a 2,000-year-old scroll describing unimaginable treasures that could lead to the Third Jewish Temple. Some call it history's greatest treasure map. Others call it a road map to Armageddon. But the time to find the truth is running out fast.
