## **Principles of Learning and Teaching: Praxis II EZ Study Aid** Aliki Brewster

This EZ Study Aid is specifically designed to help increase your chances of passing the following tests: Praxis II Principles of Learning and Teaching: Grades 5-9 and Praxis II Principles of Learning and Teaching: Grades 7-12. This review tool gives you pertinent information in a concise, easy to understand format. Your goal is to get enough right answers so that you obtain a passing score; recalling one more theory, one more name, or one more term may help you choose one more right answer.

Bonus Section: Many study guides do not address the distinctly middle school aspects of teaching grades 5-9. A special bonus section highlights effective teaching strategies for students in grades 5-9, outlines characteristics of students in this age group and touches on related terminology. This bonus section may prove helpful on other exams as well.
